RE: Implemented Commercial Rate

Dear Customer,

Below is the information for the implemented **Commercial Rates** coming soon to the High Valleys Water District.

0-1,000 cubic feet of water use: \$56.00

Over 1,000 cubic feet of water use: \$0.0764 per cubic foot, with a deposit of \$500.00 per ¾” meter and \$800.00 per 1” meter.

Rates were calculated by the adjustment cost of higher usage from commercial accounts in summer months.

The implemented commercial rate is due to the high use of water during the summer months for commercial accounts.

A Public Hearing will be held during the regularly scheduled Board Meeting on Wednesday, May 16th, 2018 at the High Valleys Water District’s office located at 47781 Twin Pines Road, Banning, California, 92220. The meeting will start promptly at 3:00p.m. If you wish to be heard, you must complete and turn in a Request to Speak form to the office no later than 1 hour prior to the meeting (2:00p.m.).

Any protests must be in writing and contain the following sufficient information: Full name of the legal property owner, Parcel (APN) number, Proof of ownership, and valid photo identification. Only written protests submitted prior to the close of the public hearing will be considered in determining whether a majority protest against the imposition of the fee exists. Per proposition 218, only one objection per parcel will be allowed.

If you have any questions or to obtain a Request to Speak form, please contact the office during regular business hours (M-Th; 8a.m. – 3:00 p.m.) at 951-849-2612.

Thank you,

A handwritten signature in black ink, appearing to be "A" followed by a long horizontal line.

Curtis “Stan” Houghton
General Manager for the
High Valleys Water District
